

Magnetic powerbank OTL 5000 mAh, USB-C 15W, Pokemon Pokeball

Ref: 5055371627931

Magnetic powerbank OTL 5000 mAh, USB-C 15W, Pokemon Pokeball with stand (red-white)

OTL magnetic powerbank 5000 mAh, USB-C 15W, Pokemon Pokeball with stand (red and white).

The magnetic powerbank by OTL with a Pokemon theme will delight children and teenagers who want to gain the ability to quickly charge their devices anywhere. With a capacity of 5,000 mAh and a power output of up to 15 watts, the product is extremely powerful, while the built-in stand adds convenience and allows you to freely use the charged equipment.

Fast charging

With a capacity of 5,000 mAh, it can charge smartphones and other mobile devices multiple times. With an output power of up to 15 watts in wireless mode and 20 watts in wired mode, charging is done efficiently and effectively. An efficiency of $\geq 75\%$ guarantees that your equipment will be ready to charge again quickly.

Reliable magnets

Thanks to the use of strong magnets, the OTL powerbank stably holds the smartphone, allowing simultaneous use while charging. The magnet does not obstruct the camera, so you can take photos and record videos without interference. This makes the device also perfect for school trips.

Built-in stand

The stand function makes it easy to watch videos and make video calls. The low charge of your smartphone will no longer be a hindrance during your daily activities!

Wide compatibility

The OTL powerbank is compatible with all devices that support magnetic charging. With the included USB-C cable, it can also be used wired with tablets, controllers or wireless headphones.

Unique design

The product features a unique design with the image of a favorite animation of children and teenagers. The red and white casing with dynamic graphics also makes the device act as a stylish accessory. The compact size and ergonomic shape make the powerbank fit easily into a backpack.
