Mini Vacuum desktop cleaner cordless Tenwin 8050-1 Battery (black)

Tenwin 8050-1 mini cordless desk vacuum cleaner with batteries (black)

The Tenwin 8050-1 mini desktop vacuum cleaner is the ideal tool for keeping your workplace tidy, offering convenience and efficiency in a compact form. It is powered by two AA batteries (not included), providing up to 10 minutes of continuous use. It's the ideal solution for quick cleaning without recharging.

#### Power and efficiency

The Tenwin 8050-1 features a suction power of 1,000 Pa, which ensures effective removal of papers, crumbs and other fine dirt from the desk surface. Despite its high performance, the vacuum cleaner operates quietly, generating only 70 dB of noise, making it a discreet helper for daily cleaning.

#### Get rid of fine dirt

The Tenwin 8050-1 is equipped with a  $4\pm 0.8$  mm high brush that effectively picks up fine debris for thorough and efficient cleaning. The ergonomic shape and small size of the device make it easy to maneuver over the desk surface.
