Magnetic tiles 3D Letters and Numbers Playmags 168 - 36 pcs set

3D magnetic blocks alphabet and numbers Playmags 168 set of 36 elements.

The 36-piece set is an excellent choice for children over 3 years old. The colorful blocks and magnetic elements allow building unusual structures and developing engineering skills. Compatibility with other Playmags sets allows unlimited creative possibilities.

Strong magnets for stability

In the set you will find 18 square blocks with transparent windows in different colors. Each of them is equipped with strong magnets that allow you to create durable and tall structures. This allows your child to develop spatial and technical skills while having fun.

Learning letters and numbers

The set also comes with 18 colorful pieces with letters and numbers, which can be easily placed in the windows of the blocks. With these, children can practice writing and counting, which supports their language and mathematical development.

Development of useful skills

Playmags magnetic blocks support the development of manual skills, problem-solving skills and shape recognition. The set is perfect for both group and individual play, helping children develop important competencies that will be useful in their future education.
