

Mcdodo 2in1 cable CA-0450 USB-C to USB-C + Lightning, 1.2 m

Ref: 6921002604505

Mcdodo 2in1 cable CA-0450 USB-C to USB-C + Lightning, 1.2 m

Mcdodo CA-0450 2-in-1 USB-C to USB-C + Lightning cable, 1.2m

The Mcdodo CA-0450 cable is designed for people who need a single solution to support devices with both USB-C and Lightning ports. It allows not only charging, but also data transfer and high-quality display of images. Thanks to the use of durable materials such as aluminum alloy and nylon, it is not only durable, but also resistant to breakage and mechanical damage, and the built-in E-Marker chip is responsible for stable operation.

Charging faster than you think

Ready for an instant charge? With an output current of 20V/5A and up to 100 watts for USB-C devices and 36 watts for Lightning devices, you can rest assured that your devices will always be ready to go in no time. Support for PD3.1 technology means it will take even less time to charge - in just 30 minutes you'll charge your iPhone 15 Pro to 60% or Samsung S23+ to 68%!

More capabilities

The Mcdodo CA-0450 will be great for more than just charging your devices. With a data transfer speed of up to 10 Gbps, it enables lightning-fast file transfers and lag-free media streaming. What's more, it supports 4K@60Hz resolution for accurate color reproduction and image clarity. Whether you are working or watching movies, this cable provides reliability and high quality, meeting the most demanding needs of users.
