

Mcdodo CA-3611 USB-C to USB-C cable, auto power off, PD 100W

Ref: 6921002636117

Mcdodo CA-3611 USB-C to USB-C cable, auto power off, PD 100W, 1.8m (black)

Mcdodo CA-3611 USB-C to USB-C cable, auto power off, PD 100W, 1.8m (black).

The Mcdodo CA-3611 cable is the perfect choice for those looking for maximum charging performance. It offers 100 watts of power, and thanks to its advanced safety features, you don't have to worry about the safety of your device. The sturdy construction means that the cable will serve you well for a long time.

Charge with 100 watts of power

From today, charging will take even less time! Mcdodo CA-3611 provides support for PD protocol, and its power reaches up to 100 watts. Thanks to this, you will charge your Huawei Mate 40 Pro up to 86% in just 30 minutes. What's more, a small display will inform you about the current charging power.

For the sake of safety

Don't worry about the security of your devices. The built-in E-marker chip, featuring MSC technology independently developed by Mcdodo, automatically identifies connected equipment and then adjusts charging values to ensure safe charging. What's more, you can significantly reduce battery waste and extend battery life with automatic charge detection and cyclic charging after powering down for 2 hours.
