

Mcdodo CA-2990 USB-C to USB-C cable, PD 140W, 1.2m (black)

Ref: 6921002629904

Mcdodo CA-2990 USB-C to USB-C cable, PD 140W, 1.2m (black)

Mcdodo CA-2990 USB-C to USB-C cable, PD 240W, 1.2m (black).

With the Mcdodo CA-2990 cable, charging and data transfer becomes even faster. Made of high-quality zinc and nylon alloy, it ensures not only robustness, but also resistance to mechanical damage. With support for PD3.1 of up to 240 watts and up to 5A, it is ready to handle even the most demanding devices. A data transfer speed of 40 Gbps and the ability to support 8K resolution make the Mcdodo CA-2990 a must-have for anyone who values maximum performance.

240 watts of power for lightning-fast charging

Whether you're on the go, at home or in the office, the Mcdodo CA-2990 will keep your equipment up and running in the shortest possible time. It offers up to 240 watts of power, which, combined with 5A and support for the PD3.1 standard, ensures not only instant charging, but also unparalleled performance and safety. With it, you can charge an iPhone 15 Pro to 60% or a MacBook Air 13" to 50% in just 30 minutes!

Not just for charging

With data transfer speeds reaching 40 Gbps, the Mcdodo cable provides fast and stable transfer of information between devices - that's up to 4 times faster compared to USB 3.1. So you'll be transferring 10G files in as little as 4 seconds! The CA-2990 also allows you to display video on larger screens in cinema-quality 8K (7680x4320p).

Safety first

The Mcdodo CA-2990 is designed to provide maximum security for both you and your devices. The built-in E-Marker chip intelligently recognizes the connected device and adjusts the appropriate charging parameters to it, ensuring optimal performance and safety of your equipment. In addition, the cable is equipped with gold-plated connectors that provide excellent corrosion resistance, minimize energy loss and increase signal stability.
