Cable USB-A to Lightning Mcdodo JCA-7270, 1.2m (biały)
Cable USB-A to Lightning Mcdodo JCA-7270, 1.2m (biały)

Ref: 6921002672702

Mcdodo JCA-7270 USB-A to Lightning cable, 1.2m (white)

Mcdodo JCA-7270 cable that combines fast charging (3 A) and efficient data transfer (480 Mbps) functions. Made of durable TPE, it offers intelligent protection against over-voltage and over-current, ensuring the safety of your equipment. With a copper core, the cable guarantees stable signal transmission and low power consumption.

Durable construction

Made of TPE ensures resistance to wear and tear and mechanical damage. The flexible yet strong material ensures that the cable will not be damaged quickly, making it ideal for everyday use.

Fast charging and file transfer

With an amperage of 3 A, the cable offers fast charging of devices, saving valuable time. A data transfer speed of 480 Mbps allows you to transfer files weighing 1 GB in just 24 seconds, making it an extremely efficient tool for work and entertainment.

Smart protection

The cable is equipped with a smart chip that protects devices from excessive voltage, overcurrent and protects the battery from damage. The copper core ensures stable signal transmission and low power consumption, further enhancing its reliability.
