MOFII wired keyboard with backlight Love Me (Beige)

MOFII wired keyboard with backlight Love Me (Beige)

Meet the MOFII Love Me keyboard - the perfect combination of original design and functionality. This wired keyboard not only enriches your desk with a stylish touch, but also offers exceptional typing comfort and a wide range of features that will make your daily work easier. With its full-size key layout, high-quality craftsmanship and innovative backlighting, the MOFII Love Me keyboard is an excellent choice for both work and entertainment, providing reliability and comfort in any situation.

Full-size keyboard with a slim profile

The MOFII Love Me keyboard is designed for users looking for full functionality in a slim form factor. Its full-size keys with a minimalist design provide comfort whether you're typing long documents or playing games. In addition, the keyboard is equipped with 11 multimedia keys for quick access to the Internet and multimedia functions, adding convenience to everyday use.

Reliability and durability for years

MOFII Love Me is not only stylish in appearance, but also solid in construction. High-quality membrane switches offer a pleasant typing experience, and the key life of up to 800 million clicks guarantees long-lasting use. The keyboard supports 25 keys simultaneously, so you can be sure that every combination will be registered correctly, which is especially important when playing computer games.

Backlighting for better visibility

The MOFII Love Me keyboard not only impresses with its functionality, but also adds a stylish accent to your workstation. The keyboard's backlighting provides better visibility in low-light conditions and also adds to the modern look, What's more, three separate LED indicators indicate the status of the keyboard, further enhancing its functionality.

Easy connection and compatibility

Connecting the MOFII Love Me keyboard is extremely easy thanks to the USB connector, which is fully compatible with Windows XP, 7, 8 and 10 operating systems. The long, 1.6-meter cable provides freedom in positioning the keyboard on the desk, with no restrictions related to the distance from the computer.
