MOFII Sweet New 2.4G Wireless Keyboard + Mouse Set (Purple)

MOFII Sweet New 2.4G Wireless Keyboard + Mouse Set (Purple)

The MOFII Sweet New 2.4G set is an ideal solution for those who value both aesthetics and high functionality of their office equipment. The set includes a keyboard offering 104 keys and an ergonomic mouse with adjustable DPI. It has 3 power saving modes that significantly extend battery life. The set is compatible with various operating systems, making it a universal choice for many users, and the hassle-free installation, which requires no additional drivers, allows you to get started quickly and easily.

Reliable wireless connection

Get rid of unnecessary cables and enjoy the freedom that wireless technology gives you! The MOFII Sweet New kit offers a stable 2.4G wireless connection with an operating range of 6 to 10 meters. This allows you to move and work freely without the restriction of cables, which is ideal in a dynamic work environment or at home.

Keyboard - typing comfort

The keyboard from the MOFII Sweet New set is characterized by comfortable use thanks to its full-size 104 keys, which are designed to provide adequate responsiveness and comfort while typing. It offers function keys that will allow you to conveniently manage computer functions. With a key life of 8 million clicks, you can enjoy long-lasting and trouble-free operation.

Mouse - precision in every movement

The kit comes with a mouse that offers adjustable DPI in the range of 800/1200/1600, allowing you to customize the sensitivity. Weighing just 80 grams, the mouse is extremely lightweight, minimizing hand fatigue during prolonged use. The ergonomic shape and 4 buttons with a lifespan of up to 3 million clicks provide not only comfort, but also the reliability needed for efficient work.
