

Multi-purpose food processor Babymoov Nutribaby Glass 4-in-1

Ref: 3661276171039

Multi-purpose food processor Babymoov Nutribaby Glass 4-in-1 (green)

Babymoov Nutribaby Glass 4-in-1 food processor (green)

The Babymoov Nutribaby Glass 4-in-1 food processor is a multifunctional kitchen appliance that will allow you to prepare healthy, wholesome meals for your baby from 6 months old. It offers 4 different functions and a capacity of 1.5 liters, making it ideal for preparing larger amounts of food at once. The device is also easy to clean - all parts, except the electrical components, are dishwasher safe. Awarded a silver award in the Made For Mums 2023 competition, the Nutribaby Glass is an expert-acclaimed choice, guaranteeing top quality and reliability.

Multifunctionality in one device

Nutribaby Glass combines up to 4 functions - steaming, blending, defrosting and heating. All operated with a single button for the steamer and a single button for the blender, which makes using the device extremely simple and intuitive.

Three water levels for perfect meals

The Nutribaby Glass offers automatic cooking times with three water levels (100/200/300 ml) to suit different types of food. The 1.5 liter capacity (1 liter for steaming + 500 ml for blending) allows you to prepare larger portions of food to satisfy your little one's appetite.

Preservation of nutritional value

A special container for juices created during steaming allows you to recover valuable nutrients and add them back to the blended food. This will ensure that each dish is full of the essential nutrients that are key to your baby's healthy development.
