Satisfyer Partner Box 2 couples set with app

Discover a new dimension of pleasure in your relationship with the Satisfyer Partner Box 2. This exclusive couples kit includes two innovative devices - the Double Joy couples vibrator and the Royal One penis ring, which together provide a unique experience for both you and your partner. With the dedicated Satisfyer Connect app, you will gain full control over the devices.

Designed for shared pleasure

Double Joy is one of the most popular vibrators for couples, designed in a U-shape to deliver intense vibrations. It has two units - the smaller part of the device stimulates both the woman's G-spot and penis, while the larger part of the vibrator rests outward to stimulate the clitoris. It is ideal for couples who want to explore new pleasures together and deepen intimacy.

Intense sensations and longer lasting pleasure

Royal One is a penis ring that provides intense sensations and exceptional pleasure for both partners. Made of high-quality, body-friendly silicone, it not only enhances erection, but also delays ejaculation, prolonging shared moments of intimacy. Its design with a vibrating clitoral stimulator guarantees extra stimulation during every movement, delivering intense vibrations that intensify sensations.

More with the Satisfyer Connect app

Discover new possibilities for shared pleasure with the Satisfyer Connect app. It gives you full control over the vibrations of both the Double Joy vibrator and the Royal One ring. The app not only allows you to remotely control the devices via Bluetooth, but also offers innovative features like vibration to music and the ability to design your own vibration programs.

Created for your comfort

Thanks to its waterproof design (IPX7), you can freely use both devices in the shower, bathtub or even at the pool without worrying about damaging them. Made of soft, body-friendly silicone, they not only provide amazing sensations, but also maximum comfort. What's more, their quiet operation guarantees discretion and full concentration on shared moments of pleasure.
