

Wheel / Exercise toy for dog Puller Standard 28 cm

Dog toy Puller Standard 28 cm

Ref: 4823089361079

Wheel / Exercise toy for dog Puller Standard 28 cm.

Provide your dog with a healthy dose of daily exercise while strengthening your bond! Puller Standard is an innovative toy designed for medium and large dog breeds that engages all of your pet's muscle groups. Its diameter is 28 cm and thickness is 4 cm. The set includes two rings that allow you to carry out special sets of exercises, maximizing the effectiveness of training. The product is suitable for such breeds as Labradors, Retrievers, Pitbulls, Malinois, Amstaffs, Dobermans and others.

A form of activity for the whole family

One of the biggest advantages of the toy is its lightweight. As a result, even children can easily engage in active time with their dog. The Puller Standard does not leave a peculiar odor on your hands, and the material from which it is made is safe for your pet's teeth and gums, which allows for intensive exercise without the risk of injury.

Solving behavioral problems

Regular exercise with the Puller Standard helps solve many problems faced by dog owners. Playing with this toy reduces excessive aggression, prevents damage to household equipment and promotes obedience. The product also contributes to the prevention of musculoskeletal diseases and obesity. Three exercises with the Puller Standard for 20 minutes are equivalent to as much as 5 km of intense running or 2 hours of training with an instructor. The toy will also work well for water games.
