

Wheel / Exercise toy for dog Puller Midi 19.5 cm Dog toy Puller Midi 19,5 cm

Wheel / Exercise toy for dog Puller Midi 19,5 cm.

Provide your dog with a healthy dose of daily exercise while strengthening your bond! Puller Midi is an innovative toy designed for medium and large dog breeds that engages all of your pet's muscle groups. Its diameter is 19.5 cm and its thickness is 3 cm. The set includes two rings that allow you to carry out special sets of exercises, maximizing the effectiveness of training. The product is suitable for such breeds as Scottish Terriers, Cocker-Spaniels, Border Collies, Foxters, Jack Russell Terriers, Beagles and others.

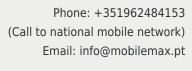

## A form of activity for the whole family

One of the biggest advantages of the toy is its light weight. As a result, even children can easily engage in active time with their dog. The Puller Midi does not leave a specific odor on your hands, and the material from which it is made is safe for your pet's teeth and gums, which allows for intensive exercise without the risk of injury.

## Solving behavioral problems

Regular exercise with the Puller Midi helps solve many problems faced by dog owners. Playing with this toy reduces excessive aggression, prevents damage to household equipment and promotes obedience. The product also contributes to the prevention of musculoskeletal diseases and obesity. Three exercises with the Puller Midi for 20 minutes are equivalent to as much as 5 km of intense running or 2 hours of training with an instructor. The toy will also work well for water games.
