

## AIRROBO P20 cleaning robot

AIRROBO P20 cleaning robot

Ref: 6931705002379

### AIRROBO P20 cleaning robot

Enjoy impeccable cleanliness every day. The AIRROBO P20 cleaning robot uses a powerful Nidec motor, providing suction power of up to 2,800 Pa. As a result, the device removes dust, pet hair, and food debris from hard floors and carpets with 99.2% efficiency. You can choose from 4 suction levels (800 Pa, 1500 Pa, 2000 Pa and 2800 Pa) and 4 operation modes. With its quiet operation (from 53 dB to 69 dB), large dust container capacity (600 ml) and long run time on a single charge (up to 164 minutes), the P20 is an ideal choice for families with children and pets. A dedicated app allows for convenient operation and offers access to additional features.

### Superior cleaning efficiency

Thanks to its Scraper™ technology and innovative suction inlet, AIRROBO P20 perfectly manages even the finest dust particles hidden in the crevices of the floor. The roller brush and protective cushions ensure that the device will not scratch the floor, while effectively removing any dirt. Thanks to a solid seal, the robot does not spill collected dust, and maintains stable suction power and high efficiency. It also does not require frequent maintenance.

### Ease of use and dedicated app

It takes just 7 seconds and just 3 steps to connect the device to a Wi-Fi network using the AIRROBO app. This allows you to control the robot from anywhere. The fast and stable network connection ensures seamless operation over large areas - up to 20 meters from the

router. The app also allows you to plan a cleaning schedule, select the mode of operation and monitor progress in real time. In addition, the robot's accessories can be uninstalled manually without the need for tools, making maintenance easy.

#### Smart navigation

The AIRROBO P20 cleaning robot is equipped with state-of-the-art cliff and anti-collision sensors that allow it to avoid obstacles and protect it from falling down stairs. Thanks to advanced algorithms, the device effectively maneuvers around furniture and excels on black carpets and balconies - even in full sunlight, providing comprehensive cleaning of every nook and cranny of the house. The device is also capable of overcoming obstacles with a maximum height of 20 mm.

#### Capacious tank and slim design

The dust tank has a capacity of 600 ml, making the AIRROBO P20 ideal for families with children and pets. The lack of frequent emptying of the container adds to the convenience of use. In addition, the slim design (320 x 320 x 78 mm) allows the robot to easily drive under most furniture, ensuring thorough cleaning of hard-to-reach areas. The polished diamond pattern and matte texture make the device a stylish addition to any interior.

#### Long run time and quiet operation

The 2600 mAh lithium-ion battery provides 73 to 164 minutes of operation, depending on the selected mode and intensity level. The time required to recharge the robot is 6 hours. Despite its high performance, AIRROBO P20 operates surprisingly quietly - in the quietest mode the noise generated does not exceed 53 dB.

#### Included:

Robot sprzątający AIRROBO P20  
Charging base  
Power supply  
Main brush  
Side brush x2  
Dust container  
HEPA filter  
Cleaning brush  
Remote control  
User manual

Manufacturer AIRROBO  
Model P20  
Operating modes Auto, Spot, Edge, Manual  
Suction power 800 Pa / 1500 Pa / 2000 Pa / 2800 Pa  
Cleaning efficiency 99.2%  
Filter type HEPA  
Battery type lithium-ion  
Battery capacity 2600 mAh, 18650  
Operating time On hard surfaces: up to 73 minutes (Powerful) / up to 92 minutes (Standard) / up to 164 minutes (Quiet); on carpets: up to 75 minutes (Powerful) / up to 86 minutes (Standard) / up to 157 minutes (Quiet)  
Charging time 6 hours  
Dust tank capacity 600 ml  
Volume level 53 to 69 dB  
Ability to overcome obstacles yes, with a height of up to 20 mm  
Suitable for Ceramic tile, marble, wooden floors, short pile carpeting  
Remote control range 6 m  
Power 35 W  
Operating voltage 14.4 V  
Dimensions 320 x 320 x 78 mm  
Weight 2.84 kg  
Color black
