Koorui 24E6CA 23.6" 1920x1080px 165Hz monitor

The Koorui 24E6CA is a 23.6" Full HD (1920x1080) monitor that combines high performance and great image quality, making it an ideal choice for professionals, multimedia and gaming enthusiasts alike. With a refresh rate of 165 Hz and G-sync and Free-sync technologies, you can enjoy smooth and stable images, regardless of the intensity of the on-screen action. Additional features such as eye protection and cinema mode enhance the user experience, making work and entertainment even more enjoyable.

Unparalleled image quality

The Koorui 24E6CA monitor offers not only a size of 23.6 inches, but most importantly a Full HD (1920 x 1080) resolution, which guarantees a crystal clear and detailed image. IPS technology provides wide viewing angles of up to 178°, so colors and details can be seen from anywhere in front of the screen. With a brightness of 250 cd/m² and a static contrast ratio of 3000:1, the monitor delivers deep blacks and bright whites, allowing you to see every detail both in daylight and in darker rooms.

Saturated colors, vivid images

Enjoy deep, saturated colors that will make your multimedia come alive like never before. With 99% coverage of the sRGB gamut, this monitor offers extremely accurate and vivid color reproduction that brings every image closer to reality. A full palette of 16.7 million colors lets you see even the finest nuances, which is crucial for graphics professionals and anyone who values visual excellence in games

and movies.

Perfect smoothness

The Koorui 24E6CA features an impressive refresh rate of 165 Hz, which is crucial for gamers and multimedia creators who need reliable smoothness of images. G-sync and Free-sync technologies ensure smooth gameplay without tearing or stuttering. What's more, the OD (Overdrive) function further boosts response speed, eliminating any lag to make every movement on screen instantaneous and seamless.

A variety of ports

With a rich set of ports, including HDMI 1.4 (x2), DP1.2 and audio output, the Koorui 24E6CA monitor offers a wide range of connectivity options, enabling easy integration with a variety of devices, from computers to gaming consoles. Regardless of the signal source, the monitor adjusts to provide optimal picture and sound quality.

Protection for your eyes

The Koorui 24E6CA monitor offers eye protection features that reduce blue light reduction to minimize visual fatigue during prolonged use. Ideal for people who spend long hours in front of a screen, whether at work or playing their favorite games.

Ergonomics and comfort

Tilt adjustment from -5° to 15° allows you to adjust the monitor to meet your individual ergonomic needs. The Koorui 24E6CA is also compatible with the VESA mounting standard (75 x 75 mm), allowing it to be easily mounted on a wall or on a special arm. This allows you to manage your workspace even better, increasing the available space on your desk and getting the ideal monitor positioning that best suits your preferences and needs.

Theater mode for movie lovers

Movie lovers have not been forgotten either. Theater mode adjusts the picture settings to ensure the best possible quality for each scene, improving color saturation and contrast. This is perfect for those who appreciate a cinematic experience in the comfort of their own home.
