Koorui GN02 27" 1920x1080px 240Hz monitor

The Koorui GN02 monitor strikes the perfect balance between high performance, excellent image quality and advanced technology, making it the perfect choice for the most demanding users. With a 27-inch screen, Full HD (1920 x 1080) resolution and a staggering 240Hz refresh rate, this monitor delivers the unparalleled smoothness of the image that professionals and gamers alike need for maximum precision.

Superior image quality

The Koorui GN02 stands out for its excellent image performance, providing 100% coverage of the sRGB color gamut and 90% of DCI-P3 for vivid and deep colors. Brightness of 300 cd/m² and high static contrast of 3000:1 and dynamic contrast of 20,000,000:1 allow you to see every detail, even in the darkest scenes. What's more, the 178° viewing angle allows for comfortable viewing regardless of position.

The smoothness you need

The extremely high refresh rate of 240 Hz makes the image extremely smooth, which is sure to please gaming enthusiasts. Advanced features such as G-sync and Free-sync eliminate tearing and stuttering, providing the smoothness needed for dynamic game scenes. The OD (Overdrive) function adjusts the matrix response time, which is key to gaining an edge in fast-paced games and applications that require instant response, and MPRT technology ensures that every movement on screen is instantaneous and lag-free.

Ergonomics and eye health

The Koorui GN02 offers a wide range of tilt adjustment from -5° to 20°, allowing users to position the monitor in the most optimal position. The VESA standard (75 x 75 mm) allows the monitor to be easily installed on a variety of wall mounts or arms, further personalizing the workspace and enhancing ergonomics. In addition, eye protection technologies, such as blue light reduction, help minimize visual fatigue, ensuring comfortable viewing for long hours.

Versatile connectivity

HDMI 2.0 connectors make it easy and fast to connect the monitor to a variety of devices, making it even more versatile for both work and entertainment. Whether you're connecting a computer, gaming console or other multimedia devices, the Koorui GN02 will meet the demands of the most demanding users.
