

McDodo CH-4991 USB-C magnetic charger for Apple Watch

McDodo CH-4991 USB-C magnetic charger for Apple Watch

Ref: 6921002649919

McDodo CH-4991 USB-C magnetic charger for Apple Watch

The McDodo CH-4991 charger is a compact and lightweight device designed specifically for charging the Apple Watch. Made of zinc alloy and ABS, it features a wear-resistant design. With compact dimensions of 47 × 28 × 6.9 mm and a weight of just 17 g, the charger is easy to carry, making it ideal for both home and travel use.

Convenience and versatility

The McDodo CH-4991 charger features a USB-C (female) interface, which allows you to connect to a powerbank, mains charger, smartphone or laptop via a cable. The output power of 3.5 watts ensures efficient charging of the Apple Watch, and strong magnets guarantee stability and safety of the device during charging. The smartwatch has a full charge time of 2 hours, and in standby mode the charger remains active for about 18 hours.

Safety and security

The McDodo CH-4991 charger is equipped with short-circuit, overcurrent, overheating and short-circuit protection, ensuring safe use of both the charger and the devices being charged. Its robust design and the materials used guarantee durability and reliability.

Compact and portable

One of the main advantages of the Mcdodo CH-4991 charger is its lightweight and compact design. Equipped with a practical lanyard, the charger is easy to carry, making it an ideal travel companion. Thanks to its small size, it will fit into any bag or backpack, providing convenience and ease of use anywhere.
