

Mcdodo CC-5970 car charger, USB + USB-C 38W (black)

Ref: 6921002659703

Mcdodo CC-5970 car charger, USB + USB-C 38W (black)

Mcdodo CC-5970 car charger, USB + USB-C 38W (black).

The Mcdodo CC-5970 car charger offers 38W output power. Compatible with 12-24V input voltage, the charger can be used in a variety of vehicles, including cars, trucks, SUVs and off-road vehicles. In addition, being made of durable PC and ABS materials ensures durability and resistance to overheating.

Quickly renews your device's energy

The Mcdodo CC-5970 charger is equipped with ports: USB-A and USB-C, which allows you to charge two devices simultaneously. What's more, the charger supports PD, SCP, AFC and QC3.0 fast charging protocols, allowing you to charge your iPhone 12 series to 60% in about 30 minutes.

Safe to use

The Mcdodo CC-5970 car charger is designed with safety of use in mind. Made of fire-resistant PC and ABS material, it features good heat dissipation and resistance to overheating. In addition, the device is equipped with advanced protection against overcharging, short circuit, overcurrent and short circuit.

Refined design

The built-in intelligent chip adjusts the voltage value to the connected device, ensuring optimal charging. Independent circuit operation allows fast charging of two devices simultaneously, with a maximum output of 20 watts for a single port.

Compatible

The Mcdodo CC-5970 charger is compatible with a wide range of devices, including smartphones, tablets, Bluetooth headphones and video recorders. With a wide range of input voltages, the charger can be used in different types of vehicles, making it a versatile solution for everyday charging on the go.
