Torras UPRO Pstand case for Samsung S24 (black)

The Torras UPRO Pstand case provides maximum protection for your smartphone while enhancing its functionality. It also offers a practical pull-out stand, and thanks to its magnetic design, it allows wireless charging.

Protecting your phone

Thanks to its durable construction, the use of PC material, X-shock™ system, air cushions and multi-layer construction, the Torras case protects your smartphone from scratches, bumps and drops. From now on, you can freely use your phone anywhere without worrying about its safety.

Magnetic design

The HablbachMagnet Array magnetic system enables fast charging and ensures stability. The case is widely compatible with magnetic car mounts and various accessories, including chargers and wallets.

Practical stand

The case is equipped with a retractable stand that allows you to comfortably watch movies or make video calls - no more straining your wrists while holding the device in your hand!
