Uperfect Portable Monitor UGame J5 17,3" 3840x2160 60Hz

Uperfect UGame J5 17.3" 3840x2160 60Hz Portable Monitor

The Uperfect UGame J5 monitor is an advanced portable monitor that offers an impressive 4K UHD (3840x2160) resolution on a large 17.3-inch screen. With a high brightness of 500 cd/m² a contrast ratio of 1500:1 and a 100% Adobe color gamut, the monitor delivers incredible image quality, ideal for creative work, entertainment and professional applications. Its solid aluminum and ABS construction and wide compatibility make it an excellent choice for demanding users.

Amazing 4K UHD image quality

The Uperfect UGame J5 features an IPS screen with a resolution of 3840x2160, which guarantees exceptional image sharpness and detail. High brightness of 500 cd/m² and a contrast ratio of 1,500:1 ensure clear and vivid colors, even in bright rooms. The monitor also supports HDR technology, which adds depth and realism to the displayed content. What's more, the 16.7M (8-bit) color depth enables the display of rich and complex images, which is essential for graphic designers, photographers and video content creators.

Smoothness and responsiveness

A refresh rate of 60 Hz and a response time of 25 ms ensure smooth and stable display, which is sufficient for most office and multimedia applications. In addition, the monitor features FreeSync technology, which synchronizes the refresh rate of the monitor with the graphics card, eliminating image tearing and stuttering.

Carefully considered design

The UGame J5 monitor has built-in stereo speakers (2*8Ω 1W) that provide clear and crisp sound. You can also easily mount the monitor on a wall or desk, increasing flexibility and comfort. The J5 also allows you to adjust the brightness level, and the 80% blue light reduction protects your eyes.

Robust design

Made of durable aluminum and ABS, the monitor's housing provides durability and an elegant appearance. The slim design, measuring 395x245x15 mm and weighing just 1.03 kg, make the monitor easy to carry and use in a variety of locations. It is ideal for those who travel frequently or work in different locations.

Wide compatibility and connectivity

The Uperfect UGame J5 monitor offers 2 USB-C ports, HDMI, 3.5mm audio and micro USB OTG (for connecting a mouse and keyboard). This provides versatility and ease of connection to various devices such as laptops, smartphones, PS4, PS5, Xbox, desktops, etc. As a result, the monitor is ideal for work, study and entertainment, offering flexibility and convenience of use.
