PowerLocus P1 LC wireless headphones (rose gold)

Meet the PowerLocus P1 wireless headphones - a cutting-edge solution for anyone who appreciates high sound quality, convenience and functionality. The 40mm drivers guarantee delightful sound, while the Bluetooth 5.3 connection ensures reliable wireless transmission. The product is also distinguished by its wide compatibility and ergonomic design.

Two connection options

The PowerLocus P1s offer both wired (using a 3.5mm audio cable) and wireless connectivity - thanks to Bluetooth 5.3, which ensures stable, fast and reliable transmission. This allows you to listen to your favorite tunes exactly the way you want! Also noteworthy is the Multi Point function, which allows you to pair the headphones with more devices.

Many hours of music

The headphones provide an operating time of 15 to 20 hours on a single charge. So you can listen to music for as long as you want - forget about limitations! What's more, it only takes about 2 hours to fully charge the P1, so you can quickly get it ready for the next use. You won't have to wait too long to get back to your favorite songs!

Excellent sound quality

The PowerLocus P1 are equipped with 40-millimeter drivers and offer a wide frequency response from 20 Hz to 20,000 Hz. This allows you to enjoy deep bass, detail-saturated sound and excellent sound quality, regardless of the music genre you're listening to.

For your convenience

The headphones are designed with your comfort in mind. Soft ear cups, an adjustable headband and a foldable design make them comfortable to wear and easy to store. What's more, the P1s weigh just 168 grams - don't worry about fatigue even with prolonged use.

Built-in microphone

The P1 headphones will come in handy not only for listening to music, but also for phone calls and more. They are equipped with a high-quality microphone that will perfectly register your voice and allow you to communicate freely with friends, colleagues or family members.

Wide compatibility

The headphones are compatible with a wide range of devices - they work seamlessly with laptops, smartphones and tablets of various brands. They also allow you to play music from micro SD cards (with a capacity of 2 GB, 4 GB, 8 GB, 16 GB or 32 GB). There's also an FM mode for convenient radio listening. With PowerLocus, you don't have to limit yourself - now you listen to your favorite songs the way you want!
