

Mopping pads for Airrobo T20+ (3 pcs.) Mopping pads for Airrobo T20+ (3 pcs.)

Mopping pads for Airrobo T20+ (3pcs).

The mopping pads for Airrobo T20+ are made of high-quality microfiber, so they effectively remove a variety of contaminants, such as fine dust, kitchen grease and pet hair. They are very easy to install and replace - you don't need additional tools for this. They are also distinguished by a solid mounting, which guarantees that they will not fall off during work. The set includes 3 mopping pads, which are perfect for cleaning various surfaces - from tiles to panels. To ensure high cleaning efficiency, it is recommended to replace them every 3-6 months or so.
