Satisfyer V Balls geisha ball set

Satisfyer V Balls geisha balls are ideal for women who want to strengthen their pelvic floor muscles and enjoy more intense orgasms. As little as 15 minutes of training a day is enough to strengthen your muscles, which intensifies the sensations during intercourse - both for you and your partner. Training with V Balls can be easily and flexibly woven into your daily life - you can wear them while exercising, at home or shopping.

Weight variations for an optimal workout

The Satisfyer V Balls set includes three balls of different weights, allowing you to gradually increase the intensity of your workout. The balls weigh 79.3 g, 114.1 g and 150.3 g, respectively. Start with the lightest one and slowly increase the load to steadily improve the strength of your pelvic floor muscles. Thanks to the spherical shape and practical cord, the balls are easy to insert and remove.

Greater pleasure for both partners

Strong pelvic floor muscles not only improve intimate health, but also increase sexual satisfaction. Regular training helps you learn to control muscle contractions during orgasm, which brings more pleasure to both you and your partner.

High quality workmanship

Satisfyer V Balls are made of high-quality, body-friendly silicone, which is not only gentle on the skin, but also hygienic. After use, the balls can be easily cleaned with warm water and mild soap. For easier insertion and comfort during your workout, you may want to use a few drops of lube.
