Satisfyer Partner Box 3 app couples kit

The Satisfyer Partner Box 3 was created with variety and intensity of sensations for couples in mind. It includes three devices - the Double Joy couples vibrator, the Royal One penis ring and the Sexy Secret panty vibrator, which together offer countless possibilities for fun. Each can be controlled via the Satisfyer Connect app, allowing for full personalization and remote control.

Satisfyer Double Joy - double the pleasure

The Satisfyer Double Joy vibrator is a unique device designed for shared pleasure. Its U-shape allows simultaneous stimulation of the G-spot and penis, as well as the clitoris. The smaller part of the vibrator is inserted during intercourse, delivering deep vibrations to both partners. The larger part, on the other hand, rests on the outside, stimulating the clitoris

Satisfyer Royal One - penis ring

The Satisfyer Royal One penis ring is an innovative device that increases pleasure during intercourse for both him and her. Thanks to its blood retention effect, it intensifies erection and delays ejaculation, allowing for longer and more satisfying sensations. The clitoral stimulator on the ring increases the intensity of vibration with each thrust, providing additional stimulation.

Satisfyer Sexy Secret - discreet pleasure.

Satisfyer Sexy Secret is a panty vibrator that provides discreet and intense stimulation wherever you are. Its ergonomic shape fits perfectly to your body, delivering vibrations directly to your clitoris. With its quiet vibrations, Sexy Secret is the perfect companion for playtime outside the home.

More with the Satisfyer Connect app

All devices can be controlled with the free Satisfyer Connect app. The app opens up almost endless possibilities for personalizing your vibrations. You can create your own vibration programs, tailored to your individual needs and preferences, as well as synchronize vibrations with your favorite music on Spotify. The Bluetooth remote control feature allows you to manage your devices via your partner, even when you are in other places. In addition, the app allows you to share created programs with other users in the Satisfyer community.

High quality guarantee

The Satisfyer Partner Box 3 products are made of the highest quality, medical-grade silicone, which is extremely soft and gentle to the touch. Silicone is also body-friendly, hygienic and easy to clean. All the devices are waterproof (IPX7), which means they can be safely used in water, such as during a relaxing bath or shower. After use, the devices can be easily cleaned with warm water and mild soap.
