Sound Cube MIIIW Wireless Headphones (Black)

Ref: 6971519751599

The MIIIW brand is part of the Xiaomi ecosystem.

Sound Cube MIIIW Wireless Headphones (Black)

The Sound Cube MIIIW wireless headphones are the perfect combination of style, performance and functionality. Their unique design, long operating time, advanced features and outdoor resistance make them an ideal choice for those with active lifestyles and beyond. With their simple management and convenient use, Sound Cube MIIIW will become an indispensable companion for every day, offering superior sound quality and comfort.

Distinctive design and user comfort

The Sound Cube MIIIW wireless headphones are a unique combination of modern style and functionality. Their original, eye-catching design in blue and red colors not only makes them look great, but also allows you to stand out from the crowd. The ergonomic shape of the headphones is designed with comfort in mind - they fit perfectly in your ears, so they stay in place even during intense physical activities.

Exceptional performance and runtime

The Sound Cube MIIIW are equipped with a capacious 380 mAh battery, allowing uninterrupted use for 6 hours on a single charge. With

the included charging case, the headphones' runtime can be extended up to 28 hours, making them an ideal choice for long trips or days full of activity.

#### Reliable technologies

The headphones offer not only high quality sound, but also a number of useful features. The Active Noise Cancellation (ANC) mode reduces background noise for complete audio immersion. The advanced Bluetooth 5.3 chip provides stable and smooth connectivity within a radius of up to 10 meters, eliminating delays and interference. This allows you to enjoy music or make phone calls without interference.

#### Functionality and outdoor resistance

IPX4-level water resistance protects the headphones from sweat, rain and splashing, making them ideal companions for outdoor workouts. In addition, managing the headphones is extremely easy - a touch panel on the side of the headphones allows you to control phone calls, music, and ANC and gamer modes for complete control.

#### Automatic connectivity and convenient management

The Sound Cube MIIIW headphones automatically turn on when the charging case is opened, making them significantly easier to use. The built-in charge indicator informs you of the current battery status, allowing you to effectively manage the headphones' runtime. In addition, the ability to share the headphones with another person makes them an even more practical choice, ideal for listening to music or watching movies together.
