

Babymoov Turbo Plus Steam Sterilizer

Babymoov Turbo Plus Steam Sterilizer

Ref: 3661276160620

Babymoov Turbo Plus Steam Sterilizer

The Babymoov Turbo Plus Steam Sterilizer is an indispensable device that eliminates up to 99% of germs, allergens and dirt in just about 6 minutes. Thanks to specially designed nozzles, hot steam at 95°C reaches the bottom of the bottle, thus ensuring thorough cleaning. This fast and effective solution guarantees complete safety and hygiene for your baby.

Ease of use and automatic shut-off

The Turbo Plus steam sterilizer is extremely easy to use. Just press the center button to start the sterilization cycle. After 6 minutes, the device will automatically turn off and inform you that it is finished with a beep.

Easy cleaning and disassembly

The device's steam nozzles can be easily disassembled, allowing you to customize it to your needs. It is also possible to wash the product in the dishwasher - so you can easily keep it in perfect condition.

Effortless sterilization and drying

Turbo Plus offers a clever 2-in-1 solution. The steam nozzle insert can be easily removed and used as a dryer. How to use it in practice? After the sterilization process is complete, simply leave the baby accessories to dry in the open air - see how convenient it is!

Flexible use and large capacity

The Turbo Plus sterilizer offers flexible use, allowing you to sterilize up to 6 baby bottles at once. The device will also be perfect for pacifiers, breast pumps and other accessories. However, it doesn't stop there. The unique design of the steam nozzles ensures thorough sterilization of the bottom of the bottle, which is extremely important for full protection against germs.
