Docking Station Blitzwolf BW-TH5 10in1 USB-C (silver)

Ref: 5906168436765

Docking Station Blitzwolf BW-TH5 10in1 USB-C (silver)

Blitzwolf BW-TH5 10-in-1 USB-C Docking Station (silver)
The Blitzwolf BW-TH5 is a docking station that offers a wide range of features and ports, designed to increase productivity. Made of high-quality metal, it provides durability and an elegant design. Its compact size and light weight make it ideal for use both in the office and on the go.

Interfaces and connectivity
The Blitzwolf BW-TH5 docking station is equipped with numerous ports to connect various devices simultaneously. It has one USB 3.0 port and three USB 2.0 ports for fast and efficient data transfer. The HDMI port supports up to 4K@30Hz (3840x2160) video quality, making it ideal for presentations and working with high-quality graphics.

Ports and connectors
The Blitzwolf BW-TH5 offers a port for SD card and TF card, allowing quick access to files stored on these media. It also has a PD charging port that supports up to 100W of power for fast and efficient charging of devices. An RJ45 Ethernet connector provides a stable and fast internet connection of up to 100Mbps, which is essential when working with large files or streaming.

The USB 3.0 port offers data transfer speeds of up to 5Gbps, which is backward compatible with USB 2.0. Other USB ports and SD/TF card slots offer transfer speeds of up to 480Mbps for fast file transfers. With support for OTG technology, the docking station can work with a wide range of devices, including laptops, tablets and smartphones that support the USB-C interface.

Compatibility and support systems
The Blitzwolf BW-TH5 docking station is compatible with most laptops that support the USB-C interface. It supports operating systems such as OS, Windows and Linux, making it a universal tool for users of different platforms.
