Gens ace G-Tech Lipo 800mah 7.4V 45C 2S1P Lipo Battery

The Gens ace G-Tech LiPo battery is the ideal power source for RC models such as the 250 and Warbird 800mm helicopters. With a capacity of 800 mAh and 7.4V (2S), it offers the stable power needed for precision flying. The high 45C discharge current is ideal for models requiring fast and violent maneuvers. The JST-SYP connector and JST-XHR balancer plug make it easy to connect and manage, while the light weight of 50 g and compact dimensions of 55 x 30 x 16 mm allow for simple installation without affecting the overall aerodynamics of the model.
