Gens ace G-Tech 800mAh 11.1V 45C 3S1P Lipo JST Battery.

The Gens Ace G-Tech with JST connector is a powerful power source dedicated to RC models such as 250 class helicopters, 800mm Warbirds and Eflite Blade CP/CP Pro. Designed and manufactured with a strong focus on quality, it uses advanced LiPo technology to guarantee reliability. The 800mAh capacity and 11.1V voltage provide adequate runtime, while the high 45C discharge rate delivers the power needed for fast and dynamic model performance. The battery weighs only 75g and has compact dimensions of 58 x 30 x 22mm, making it easy to install in smaller RC models. The Gens Ace brand's traditional approach to quality and optimization can also be seen in the solid performance and stable operation of this battery.
