Portable Monitor 16-inch BW-PCM5 Pro Blitzwolf

Ref: 5906168437519

Blitzwolf BW-PCM5 Pro portable 16-inch monitor

The BlitzWolf BW-PCM5 Pro is a portable monitor with a 16-inch IPS display, offering a UHD resolution of 3840 x 2160. With high color reproduction, 100% covering the NTSC scale, and 400 cd/m² brightness, the monitor provides an exceptional visual experience for both work and entertainment. The touchscreen enhances interactivity and functionality for easy operation and navigation.

Exceptional image quality and performance

The BW-PCM5 Pro monitor is equipped with HDR technology, which further enhances image quality by offering better contrast and color depth. An automatic refresh rate ranging from 24 to 60 Hz ensures smooth images in any situation, whether you're watching a movie, playing a game or working on a graphic design project.

Universal compatibility and easy connectivity

The monitor features a USB-C 3.1 port for quick and easy connection to various devices such as laptops, smartphones and tablets. An additional USB-A port and a 3.5mm audio port provide versatility and convenience, allowing you to connect headphones and other accessories.

Portable design

The BlitzWolf BW-PCM5 Pro weighs just 908 g, and its slim dimensions of 356 x 234 x 4-10 mm make it an ideal travel companion. Its portable design and collapsible stand makes it easy to carry and set up in various locations, making it ideal for everyday use.
