Ref: 6974370801717

Pocket precision screwdriver and fountain pen 5-in-1 HOTO QWLS013 (silver)

Pocket precision screwdriver and fountain pen 5 in 1 HOTO QWLS013 (silver)

The HOTO QWLS013 Pocket Precision Screwdriver and Fountain Pen 5-in-1 is a unique tool that combines functionality with elegance. Made of high-quality aircraft-grade aluminum, it is the perfect combination of sophisticated design and durability. Its slim, pencil-like form makes it not only practical, but also a stylish addition to any tool collection.

Multifunctionality for everyday use

This screwdriver comes with five basic bits that cover 90% of everyday repair needs. Ideal for small repairs at home, at work or while traveling, it is perfect for repairing electronics, eyeglasses or other small items. Thanks to its compact form and light weight, you can always have it on hand, ready to use in any situation.

Screwdriver and pen in one

This product also functions as a fountain pen, offering a replaceable soft pencil nib, designed for light use and long writing. It's ideal for those who value practicality and versatility of tools, while not sacrificing aesthetics. This feature makes the HOTO QWLS013 an indispensable companion both in the office and on the go.

Hidden bit storage

The screwdriver is equipped with an innovative magnetic bit storage compartment that allows easy access and secure storage of the parts. The precision-engineered storage system ensures that the bits are always in place, ready for use, yet protected from loss.

Precision and durability

Using S2 alloy steel with a hardness of 60HRC, this tool provides exceptional durability and rust resistance, ensuring the longevity of each bit. The design using precision CNC machining and multi-stage anodizing further enhances its strength and elegant appearance. This is a tool that not only performs its functions perfectly, but also pleases the eye with its aesthetics.

The perfect companion on the go

HOTO QWLSD013 is not only a screwdriver, but also an excellent companion on the go. Its lightweight, slim design makes it fit perfectly in your pocket or bag, always on hand for small repairs. So wherever you are, you can always rely on its functionality and reliability.
