Sunnylife waterproof case for DJI Osmo Action 4/ 3

The Sunnylife OA3-FS519 waterproof housing is an indispensable accessory for diving and underwater photography enthusiasts. Thanks to its rugged design, it allows the camera to be safely submerged to a depth of up to 40 meters, providing a tight seal and waterproof protection.

Durability and protection

Made of durable PC plastic, stainless steel and tempered glass, this housing effectively protects the camera from shocks, scratches and other damage. It is corrosion-resistant, ensuring long-lasting durability even in the most demanding conditions. At the same time, it is very easy to install and has cold-shoe adapters that allow you to easily and quickly attach additional accessories.
