

## Waudog "Oranges" nylon dog collar with QR code, size M

Ref: 4823089375700

Waudog "Oranges" nylon dog collar with QR code, size M

Nylon collar with QR code for dog Waudog "Oranges", size M.

The WAUDOG collar is made of durable and wear-resistant nylon for long-lasting use and protection even in harsh conditions. Its innovative design combines functionality and safety, making it an excellent choice for dog owners looking for a reliable accessory for daily walks.

### Safety and visibility

The collar is equipped with a locking buckle that glows in the dark, making it easier to find your dog after dark. In addition, reflective elements increase visibility, which significantly improves your pet's safety during evening walks.

### Smart address tag with QR passport

A unique feature of the collar is a smart address tag with QR passport. After scanning the QR code, the finder of a lost pet has access to an online profile containing the most important information: contact to the owner, medical records and other relevant data. The passport can be activated after registering [atanimal-id.net](http://atanimal-id.net).
