IP Wireless Camera Laxihub W1-TY WiFi 1080p Tuya

Ref: 6972055682347

IP Wireless Camera Laxihub W1-TY WiFi 1080p Tuya

Laxihub W1-TY Tuya Wireless IP Camera.

Take care of your safety and that of your household members. The Laxihub W1-TY wireless IP camera detects motion and captures images of the highest quality, and thanks to its powerful battery, it provides a long operating time. It is equipped with a digital PIR motion sensor and an intelligent algorithm for detecting human motion. It is 100% wireless, IP65 waterproof and compatible with Amazon Alexa and Google Assistant. Clear, two-way audio allows you to communicate information freely.

Intelligent motion detection

When motion is detected, the Laxihub W1-TY camera will start recording to a micro SD card (up to 128 GB) or to paid cloud storage. The perk is the extremely long recording time - 30 seconds. You will also receive a notification in the app when motion is detected. The manufacturer allows a 3-month free trial of Arenti cloud storage.

Reduces the number of false alarms

The camera is equipped with a digital PIR motion sensor and an AI-assisted human motion detection algorithm. As a result, the device reduces false alarms by distinguishing between small animals and humans.

Perfect visibility at any time

The Laxihub W1-TY wireless IP camera captures images in Full HD 1080 p, so you get crystal clear and crisp recording. The 125° wide-angle lens increases the field of view, and nighttime visibility reaches 10m.

Tuya Smart and Arenti

The Laxihub camera allows you to view the video recording in real time via a mobile app. This allows you to control the situation even when you are away from home. The camera is compatible with Arenti, as well as Tuya Smart, which offers countless possibilities. This is because it allows you to synchronize multiple devices of different brands, and the number of supported manufacturers is constantly growing.

No cables or wires

The camera is fully wireless - no cables are required for installation or real-time viewing. The W1-TY is powered by a built-in battery, so you can mount it anywhere without worrying about wires. The 6700 mAh battery will last up to 3 months with 5-10 daily use.

Weatherproof

The Laxihub W1-TY features a waterproof rating of IP65. In addition, it is resistant to wind or frost, so you can mount it outdoors without worry. In turn, the plug&play function ensures quick and easy installation.
