

## Waudog nylon dog collar with QR code "NASA21", size XL

Ref: 4823089337104

Waudog nylon dog collar with QR code "NASA21", size XL

Nylon collar with QR code for dog Waudog "NASA21", size XL.

WAUDOG nylon collar is the perfect accessory for owners of very large dogs. Adjustable from 37 to 58 cm, you can easily fit it to your pet, ensuring maximum comfort even during longer walks. The space-inspired print features bright colors that add a modern, futuristic touch to the leash.

The highest level of protection for your dog

The biggest advantage of the WAUDOG collar is the built-in QR code, which acts as your pet's digital passport. Once scanned, the finder gets access to the online profile, where you can find the most important information - contact to the owner, copies of medical records and other relevant data. If the pet is lost, simply scan the code to contact the owner immediately. What's more, the owner will receive an email notification with the GPS location of where the code was scanned, significantly increasing the chances of finding the pet quickly.
