Essager USB-A to USB-C 120 Watt 2m cable (black)

Meet the Essager EXC120-CG01-P cable, which combines performance and reliability. It offers power of up to 120 watts, allowing you to quickly charge a variety of devices. It also allows you to transfer files and charge your device at the same time. With a USB-A to USB-C interface and 6 A of power, the Essager cable is ideal for users who need fast and efficient charging.

Fast charging

Charge your devices without unnecessary waiting. The cable supports fast charging for devices such as Xiaomi, Redmi, and Black Shark. What's more, with 67 watts of power, it will charge the Xiaomi 10 Supreme Memorial Edition in about 30 minutes, and with 120 watts, in about 15 minutes. The product also supports 55 W and 33 W fast charging.

Convenient data transfer

The Essager cable not only allows charging, but also provides efficient data transfer at 480 Mbps. This is ideal for those who need to quickly transfer large files between devices. Whether you are transferring photos, videos or documents, this cable will meet your expectations.

Robust construction

Made of high-quality aluminum alloy and PP, the Essager cable is resistant to wear, damage and corrosion. These materials ensure durability and long life, even under heavy use. In addition, it is resistant to overheating. The sturdy design makes the cable tangle-free and resistant to bending. In addition, a special Velcro makes it easy to store and transport the product.
