Gens ace G-Tech Soaring 4000mAh 11.1V 30C 3S1P Lipo Battery

The Gens ace G-Tech Soaring LiPo battery is designed specifically for SPACEBIRD hydro Graupner RC racing boats. Offering 4,000 mAh capacity and 11.1V (3S) voltage, it provides long-lasting power, which is essential for intense racing and prolonged fun on the water. A maximum continuous discharge current of 30C and a maximum pulsed discharge current of 60C ensure that the battery delivers sufficient power even during the most demanding maneuvers. The XT90 connector allows for a safe and simple connection, while the weight of 291 g and dimensions of 136 x 42.5 x 22.5 mm are optimally suited to the needs of hydro models without compromising performance.
