Gens ace G-Tech 8000mAh 11.1V 100C 3S1P Lipo battery with EC5-Bashing Series connector.

Featuring an EC5 connector, the Gens Ace G-Tech Bashing Series is a high-performance power source designed for heavy-duty RC vehicle use. It was specifically designed for ARRMA vehicles, offering a perfect fit. Its 8000mAh capacity and 11.1V voltage ensure long runtime and fast response to changing track or field conditions. The battery features a discharge rate of 100C, which means it is capable of delivering the energy needed for maximum speeds and powerful acceleration. Weighing 510g and measuring 158 x 47 x 34 mm, it is ideally suited for 1:7 scale models such as the FELONY 6S BLX, LIMITLESS, INFRACTION 6S BLX, as well as 1:8 and 1:10 scale models including the TYPHON 6S/3S and KRATON 6S BLX. The case is made of PC material and silicone for extra protection and durability.
