USB-A to USB-C cable, Essager, EXCT-CG01, 66W, 1m (black)

The Essager USB-A to USB-C cable provides ultra-fast charging with 66 watts of power and data transfer at 480 Mbps. The accessory features a durable design and offers a practical LED indicator.

High output power

With an output power of up to 66 watts, the cable allows you to charge even the most demanding devices quickly and efficiently. Whether you're charging a laptop, smartphone or tablet, the accessory delivers top-level performance.

Data transfer and charging

The Essager cable not only charges your devices, but also enables high-speed data transfer at up to 480 Mbps. So you can easily transfer large files, photos or videos between devices, saving time.

Refined design

The accessory is resistant to bending and mechanical damage, so it will serve you for a long time. An advanced protection circuit provides intelligent device recognition and voltage and current control. This makes charging safe and fast, and protects your devices from damage caused by surges or overloads. The LED indicator makes it easy to track down the equipment being charged at night.
