USB-C to Lightning cable, Essager, EXCTL-CG01, 20W, 1m (black)

USB-C to Lightning cable, Essager, EXCTL-CG01, 20W, 1m (black).

Essager's USB-C to Lightning cable provides safe and stable charging with a maximum power of 27W. It is possible to transfer files at 480Mbps. A practical LED indicator informs about the charging process and makes it easy to locate the connected device at night.

Efficient operation

Long waits for your devices to be charged are a thing of the past. It only takes 30 minutes for the charge level of your iPhone 13 to reach 60%. The Essager cable is fully compatible with iOS-based devices. The accessory offers fast charging for the iPhone 13, 12, 11, X and 8 series, as well as individual iPads Pro, Air and Mini.

Data transfer

Now you can transfer photos, videos and documents efficiently. The Essager cable allows you to transfer data at 480 Mbps. You can charge your device and transfer selected files at the same time, saving you valuable time.

Thoughtful solutions

The E-Marker chip is responsible for adjusting the intensity to the connected device. This way you can be sure that charging is not only done efficiently, but also safely. The cable is also durable, and its ends have been additionally reinforced, so it will serve you for a long

time.
