

## Flashlight Superfire Y16, 1700lm, USB-C

Ref: 6956362941373

Flashlight Superfire Y16, 1700lm, USB-C

Superfire Y16 Flashlight

Superfire Y16 is a practical flashlight, which will prove useful in many applications. It offers 5 light modes and is distinguished by the power of 20W. It is also waterproof to IP46 and extremely durable. The device has an operating time of up to 4 hours and the built-in light indicator provides information about the charging status. Convenient operation of the flashlight is provided by a soft, tactile button.

### Impressive power

The Superfire Y16 flashlight will come in handy both at home and in the field - it will reliably light up the darkness. Its LED power is 20W and the light's range reaches 350m. No electricity? A trip to a tent? Or maybe a night hike in the woods? This handy flashlight can make your life easier in various situations!

### 5 light modes

Customize the operation of the flashlight to suit your needs. Y16 can light in 5 different modes - Low, Medium, High, Strobe and SOS. This allows you to successfully use it in a variety of conditions and send a rescue signal if needed. There is also an additional option of super bright, which will allow you for example to temporarily blind a possible attacker. To activate it, just press the button 2 times.

### Long working time

Don't worry that the Y16 will refuse to serve you when you least expect it. It has a runtime of up to 4 hours on a single charge - enough

to, for example, wait out a power outage or find some other temporary solution. To charge the flashlight, connect it to a power source using the USB cable. A color indicator will let you know the battery status.

#### Waterproof and durable

The device features an incredibly tight construction, making it waterproof. The IP46 rating means that it is not afraid of accidental splashing or sudden downpour. What is more, the flashlight was made from high grade aluminum alloy, which ensures its exceptional strength and resistance to damage. Y16 will not let you down even in the toughest conditions!
