Docking station, Essager, EHB08-QK0G-Z, HDMI, 2xUSB-A, SD card, TF card (gray)
The docking station will solve the problem of missing ports on your device. With a variety of ports and advanced features, it is ideal for users who need to enhance the capabilities of their devices. Compatible with SSD drives, it supports NVME and SATA protocols for fast data transfer and reliable connections.

Extensive functionality and performance
The Essager EHB08-QK0G-Z offers HDMI, USB-C PD 100W, USB-C, USB 3.2 Gen, USB 2.0 and SD/TF card slots. With transmission speeds of up to 10 Gbps and data read/write speeds of up to 900 MB/s, the docking station ensures fast and stable file transfers. The HDMI port allows the station to connect to a TV, projector or monitor, offering a richly detailed 4K HD image, making it ideal for presentations, watching movies or working on a larger screen.

Advanced features and security
The docking station is equipped with a special switch that allows you to instantly interrupt the image display, ensuring privacy. The magnetic design makes it easy to remove the drive, and good heat dissipation prevents the device from overheating. The docking station is also resistant to high (75°C) and low (-25°C) temperatures for about 48 hours and drops from 1 meter, ensuring durability and reliability.

Fast charging and multitasking
The Essager EHB08-QK0G-Z provides fast device charging thanks to its 100-watt power output, allowing the 2020 MacBook to be refreshed in about 1.5 hours. Support for simultaneous reading of two SD/TF cards at up to 104 MB/s increases productivity. The docking station allows simultaneous use of all interfaces, ensuring stable signal transmission and keeping the case temperature below 55°C.

Universal compatibility
The Essager EHB08-QK0G-Z is compatible with Windows, macOS, Linux, Android and iOS, making it ideal for users of various devices. It supports NVMe (M Key) 5 pin, NVMe (B + M Key) 6 pin and 5 pin, SATA (B + M Key) 6 pin and 5 pin drives. Thanks to the plug & play function, the docking station is immediately ready for use without the need to install additional software.

Versatile application
The Essager EHB08-QK0G-Z allows you to read files from a smartphone, connect a mouse to a tablet, display an image on a larger screen from a phone, etc. This versatile device enhances the functionality and performance of your equipment, providing convenience and flexibility in daily use.
