Mcdodo Powerbank MC-4422 10000mAh

Powerbank Mcdodo MC-4422 10000mAh

Powerbank Mcdodo MC-4422 is a reliable companion for any trip. With a capacity of 10000mAh, it provides enough energy to charge your mobile devices such as smartphones, tablets and headphones. Its small size and ergonomic design make it easily fit in your pocket, bag or backpack - perfect for everyday use.

10000 mAh capacity

Mcdodo MC-4422 has a capacity of 10000 mAh, which is enough to charge an iPhone SE up to 3.3 times, an iPhone 14 up to 2 times, and a Xiaomi 13 up to 1.2 times. It's perfect for longer outings when you don't have access to an electrical outlet.

Two available USB-A ports

The device is equipped with two USB-A ports that allow you to charge two devices simultaneously. This is an ideal option when you need to replenish the power of several devices at the same time, without wasting precious minutes waiting.

For the sake of safety

With built-in safety features such as protection against overcharging, overheating and short-circuiting, you can rest assured that your devices are completely safe while charging. In addition, the powerbank complies with international air transport standards, allowing you

to take it on a plane without any problems.

Convenient handling

The Mcdodo MC-4422 powerbank is equipped with an independent button for convenient control. In addition, the built-in LED display indicates the battery's charge level, allowing you to closely monitor the remaining energy in the device.

Elegant and durable design

The MC-4422 was created from high-quality ABS and PC materials, making it extremely sturdy and resistant to damage. At the same time, the device is very pleasant to the touch, feels great in the hand and looks great. What's more, its slim casing makes it lightweight, easy to carry and fits perfectly in your pocket or bag.
