Powerbank Mcdodo MC-4432 20000mAh

The Mcdodo MC-4432 20,000mAh powerbank is an indispensable companion for anyone who needs a portable and reliable power source. With two available USB-A ports, it allows you to charge two devices simultaneously, and its lightweight, compact design allows you to take it with you almost anywhere.

High capacity for multiple charging cycles

With a capacity of 20,000 mAh, the powerbank is capable of charging an iPhone SE about 6.6 times and an iPhone 14 up to 3.4 times. This makes it ideal for longer trips where access to power may be limited. It's a solid support for your devices, no matter where you are!

Ergonomic design and LED display

The Mcdodo MC-4432 powerbank features a modern and functional design. Equipped with an easy-to-read LED display - it allows you to easily monitor the charge level. In addition, the pleasant to the touch casing guarantees a comfortable grip, and a convenient button allows you to operate the device intuitively.

Always at hand

Thanks to its compact dimensions (153 x 67.63 x 40.62 mm) and weight of 410 g, the MC-4432 powerbank is extremely easy to carry. It

is ideal for everyday use and for when you are traveling! What's more, it complies with international standards for air transportation, so you can take it with you on a plane without worry.

Two USB-A ports

The Mcdodo MC-4432 has two USB-A ports that allow you to charge two devices simultaneously. Whether you want to charge a smartphone and a tablet or two phones, you don't have to wait - both devices can be powered at the same time, without any delays.

Security at the highest level

Safety is a priority, which is why the Mcdodo powerbank is equipped with numerous protection systems, including overcharging, overvoltage, overheating and short circuit protection. So you can rest assured that your devices are protected while charging, minimizing the risk of damage.
