Ref: 5906168439889

Wireless headphone with microphone New Bee M52 (black)

New Bee M52 wireless headphone with microphone (black)

The M52 Bluetooth handset combines modern design with advanced technology. It was designed for people who need a convenient and reliable tool for conversations in various conditions. Thanks to Bluetooth 5.0 technology, the handset provides a stable connection to a wide range of devices - from smartphones to tablets and laptops - enabling seamless conversations over a distance of up to 15 meters.

Hassle-free conversations with ENC function

Conduct conversations without worry even in noisy environments. The dual microphone with ENC technology and CVC 8.0 effectively reduce background noise. Whether you're talking on the phone in a noisy office or while traveling in a car, the M52 provides clear and clean sound, eliminating any unnecessary noise. As a result, your caller will hear you loud and clear.

Ergonomic design

The M52 Bluetooth handset is designed for maximum comfort. Its ergonomic design, tilted at a 60° angle, ensures a perfect fit in the ear, which translates into comfort for a long time. It also comes with interchangeable ear tips in different sizes, allowing you to customize the earphone to suit your personal preferences.

Long runtime

On a full charge, the handset allows you to talk for 8 h or listen to music for 10 h, so you don't have to charge it too often. What's more, it stays in standby mode for up to 180 days. In addition, it takes only 2 h to fully charge the handset, allowing you to quickly prepare it for further use. You will renew its energy with the included case or USB-C cable (also included).

#### Multifunctional buttons and easy operation

The M52 handset offers intuitive and simple operation thanks to its multifunction buttons, which give you full control of the device without having to pull out your phone. Conveniently answer and reject calls, adjust volume, skip songs and use the microphone mute function - all with just a few clicks.

#### Wide compatibility

The M52 Bluetooth handset is compatible with devices such as smartphones, tablets, laptops and computers, regardless of the operating system (iOS, Android, Windows). Thanks to Bluetooth 5.1 technology, the connection is stable up to 15 meters. As a result, you can move freely around the room while talking.
