Aigo B350 computer case
Design your computer with the Aigo B350. The computer case allows you to mount 2 HDDs and SDDs each, as well as 2 120mm fans. In addition, it is compatible with motherboards with ITX, ATX and M-ATX standards. In addition, the USB.30 port enables high-speed data transfer.

Effective cooling
The Aigo B350 computer case allows the installation of 2 120mm fans (1 at the front and 1 at the back). What's more, the product's well-thought-out design and efficient ventilation system effectively prevent computer components from overheating.

More expandability
The product is compatible with various components, so you can build your dream PC. The Aigo B350 allows you to mount a graphics card with a maximum length of 345 mm and a CPU cooler with a maximum height of 160 mm. It also supports HDD and SDD drives.

Useful ports and buttons
The Aigo B350 puts access to the most important functions at your fingertips. The front panel features power and reset buttons, as well as several ports, including x2 USB2.0 and x1 USB3.0 for fast data transfer. In addition, the chassis offers 2 HD Audio ports.
