

Plate Adapter PGYTECH SnapLock (P-CG-050)

Plate Adapter PGYTECH SnapLock (P-CG-050)

Ref: 6970801336940

PGYTECH P-CG-050 SnapLock Adapter

Now you can change cameras and accessories even faster while recording. The PGYTECH branded adapter allows you to instantly mount your chosen equipment and is distinguished by its wide compatibility. It allows you to securely attach your device and is extremely lightweight, portable, yet durable.

Fast installation

Don't waste time on lengthy accessory installation. The adapter uses a special SnapLock system to let you mount or remove cameras, gimbals and other accessories in no time. No more worrying about missing an opportunity to capture a fantastic shot!

Wide compatibility

Mount the accessories of your choice with ease. There are 1/4" and 3/8" threaded holes on the bottom of the adapter, and an Arca-Swiss interface on the side. This means the product is compatible with most gimbals, mounting plates, tripods and sliders. It will also support many popular camera models.

Unparalleled stability

Enjoy safe and stable mounting of your devices. The adapter is equipped with a patented, specially designed, heavy-duty screw that

guarantees a secure fit and protects your equipment from possible drops. You can also additionally lock the accessory by pressing the corresponding button - this way you will avoid its accidental loosening.

Portable

Enjoy more convenience when recording wherever you go. The adapter is extremely lightweight and portable - weighing just 55g and measuring 55x38x17.5mm. So you can easily fit it in your backpack, bag or even pocket and take it with you wherever you want.
