

## Set of mounts Genius Rig Freewell for Samsung S24 Ultra

Ref: 6972971865220

Set of mounts Genius Rig Freewell for Samsung S24 Ultra

### Freewell mount for Samsung S24 Ultra

The Freewell mount for Samsung S24 Ultra is a versatile and advanced tool that will turn your smartphone into a professional video recording device. Thanks to the innovative SnapClamp mechanism, mounting your phone is fast and secure, and the included accessories, such as a tripod and Bluetooth remote, will work well in a variety of filming scenarios. All this makes it a perfect kit for vloggers, YouTubers and more.

### Additional mounts included

The kit includes a sturdy TriGenius tripod that allows you to rotate the phone mounted on it 360°. So you can easily create unique shots from different perspectives! You also get a 26.2 cm long MonoGenius mount, which is perfect for taking selfies and many other interesting shots.

### Convenient remote control

You'll also find a small GeniusRemote Bluetooth remote control in the package, which allows you to conveniently start or stop recording from up to 10 meters away. You can also easily attach it to the mount of your choice. Get more freedom of movement while filming and fully focus on creating content!

#### Expandable interfaces

The mount is equipped with 9 1/4" threaded holes, 4 quick-mount ports, 5 cold shoe adapters and a slot for a Freewell magnetic filter and an F-series lens. This allows you to expand the entire kit with additional accessories, thus increasing its functionality and versatility.

#### Lightweight and durable construction

High-quality aluminum alloy was used to make the accessory, making it very lightweight, yet durable. Its transportation will not cause you any problem - you can easily pack it into your backpack. In addition, its handles rotate 360°, so you can adjust it to your needs and scenario requirements on the fly.
