Petwant F14-L(BAS) Automatic Feed Dispenser Black

Petwant F14-L(BAS) Automatic Food Dispenser Black.

The Petwant F14-L(BAS) automatic food dispenser is designed to make daily feeding easier for cat and dog owners. With a 3-liter capacity and the ability to program up to 4 meals per day, it provides constant access to fresh food, even when you're not at home. A transparent window in the housing allows you to easily monitor the level of food, and the stainless steel bowl is easy to clean and durable.

Record messages for your pet

One of the unique features of the Petwant F14-L(BAS) is the ability to record and play back a 10-second voice message. This allows your pet to be called for a meal every time!

Precise and flexible feeding settings

With the programming function, you can set up to 4 meals per day, and divide each meal into up to 9 servings. This is ideal for adjusting the amount of food according to your pet's needs, without the risk of overfeeding. With just a few clicks, you can plan your schedule for the whole day!

Compact and convenient to use

Petwant F14-L(BAS) is a device designed with convenience in mind - not only for your pet, but also for you. Its compact dimensions (168 x 296 x 290 mm) and simple design make it easy to fit into any space in the house, and it is very intuitive to use. In addition, the dispenser works well with dry food from 5 to 12 mm, making it ideal for both cats and dogs.

Long-lasting operation and dual power supply

The dispenser is powered in two ways - with a cable or D-type alkaline batteries (not included), which guarantees uninterrupted operation for up to 180 days. With this option, you can be sure that your pet will always be fed, regardless of any power outages.

Carefully thought-out design

To keep the food fresh, the dispenser is equipped with a desiccant to prevent moisture build-up. What's more, the dispenser was created from durable, damage-resistant and easy-to-clean materials, such as stainless steel and ABS, so it can serve you well for a long time.
