Ocoopa UT4 Urban 2x3000 mAh hand warmer, USB-C, black

Ocoopa UT3061 2x3000 mAh hand warmer, USB-C, black.

The Ocoopa UT3061 hand warmer is a product designed to provide maximum thermal comfort in all conditions. Equipped with a 6,000 mAh battery, it allows you to enjoy warmth for up to 9 hours, making it an ideal choice for long walks, outdoor trips or outdoor activities. 2 pieces included.

Weatherproof

The Ocoopa UT3061 is IP45 certified, which means it is waterproof and dustproof. It's ideal for any weather - whether you're planning a hike in the rain or a winter walk, this warmer will keep you warm and dry no matter the conditions.

Ergonomic design and ease of use

The small size and ergonomic shape of the UT3061 warmer make it fit perfectly in your hand. The included tag will allow you to easily clip the warmer to your backpack. Now you have warmth always at hand.

Three levels of heating

The product offers three levels of temperature control, allowing you to adjust the level of heat to suit your needs. Whether you need light heating during the chilly spring or maximum power on cold winter days, the UT3061 will meet your needs, providing optimal heat

distribution.

Safety first

Ocoopa is a brand of hand warmers that has received UL certification, which guarantees that the product meets the highest safety standards. You can be sure that by using the UT3061, you will not only ensure thermal comfort, but also your safety.

Performance and long operating time

With a 6,000 mAh battery, a single UT3061 heater allows up to 9 hours of continuous operation on a single charge, making it the perfect companion for all-day outdoor adventures. The kit includes 2 devices, which means 10-18 hours of heat access wherever you are. The UT3061 supports fast charging via a USB-C port, which means you'll have your device fully charged in just 3.5 hours for unlimited use.
